- Funds for the setting up SLNA, SLDC and DWDUs, DLDC has been released by the DoLR, Govt. of India Rs. 168 lakhs for the period of Six Months (January, 2010 to June, 2010).

Important Issue to be decided immediately

- ❖ DoLR, Govt. of India in its 9th meeting of the Steering Committee held on 23.12.2009 decided that Reserve Forest areas should not form part of the project area under IWMP.
- ❖ In the State of Uttarakhand more than 64% of the geographical area is forests. Without the treatment of these areas the Watershed Programmes will not have any impact.

- ❖ The Govt. of Uttarakhand has represented in DoLR, Govt. of India that as per Common Guidelines for Watershed Development Projects- 2008 calls for the multi-tier ridge to valley approach, holistic development and saturation of the watersheds. Thus, reserve forest area treatment needs to be included in the IWMP.
- ❖ Moreover the livelihood of the local people is totally dependent on the forests, forests are the source of our water resources which are important for the improvement of livelihood of the locals and water security.
